INTRODUCTION

Passionate and motivated recent graduate with a degree in Computer Science Engineering. Proficient in modern web development technologies and experienced in building responsive, user-centric applications. Eager to leverage technical skills and innovative problem-solving abilities in a dynamic work environment.

SKILLS

Languages:	HTML, CSS, JavaScript, Python
Framework:	React, Node.JS, Django, Next.js, TailWind CSS
Tools:	VS Code, Git, Github, Excel
DataBase:	MySQL, MongoDB

EDUCATION

2020 - 2024	Bachelor of Technology **Parul University** Vadodara, Gujarat	(GPA: 7.17/10.0)
2018 - 2019	12th (NEB) **Model Multiple College** Janakpur, Nepal	(PER: 61.75%)
2017	10th (SEE) **Saraswati English Boarding School** Mahendranagar, Nepal	(PER: 76.25%)

PROJECTS

Portfolio
Developed a personal portfolio website using Next.js, showcasing projects and skills. Implemented GraphQL for data fetching, Nodemailer for contact form emails, Sonner for toast notifications, tsParticles for particle effects, and Shadcn for UI components.
Tech: Next.JS, Shadcn UI, Tailwind CSS, Nodemailer

NEWS Portal
Developed a news portal website using React, featuring user registration/login, news categories, and an panel to write new articles. Implemented MySQL for data storage and supported image uploads for article thumbnails.
Tech: React, scss, MySQL, Node.JS

Studyffy Admin Panel
Developed an admin panel for managing teacher profile, creating announncement, assigning meetings and organizing educational content. Implemented MongoDB for data storage, Node.js for backend and Cloudinary for storing teacher's profile photos.
Tech: React, Node.JS, MongoDB, Tailwind css, Cloudinary

Esewa and Khalti payment gateway
Developed a project to integrate Nepali payment gateways, Esewa and Khalti, into various applications. This project provided hands-on experience with payment system integration, enhancing understanding of secure transaction processes and API usage.
Tech: React, Node.js, MongoDB

EXPERIENCE

BlueEra Softech 4$^{\text{th}}$ Jan - 27$^{\text{th}}$ Mar

During my internship at BlueEra Softech, I gained hands-on experience in software development, collaborating with a seasoned team on various projects. I worked with technologies such as Python, JavaScript, HTML, CSS, React.js, Django, MySQL and Git, honing my skills in both front-end and back-end development. This experience strengthened my problem-solving abilities and prepared me for a successful career in the technology sector.

CodeClause 1$^{\text{st}}$ Jul - 3$^{\text{rd}}$ Aug

I was an intern at CodeClause for a web development role. It was an online internship where they assigned various projects. I learned more about HTML, CSS, JavaScript, React JS, Node.js, MySQL, and other technologies by implementing the concepts that I had learned from university and other courses, and applying them to create interesting projects.

CERTIFICATIONS

Software Engineer Intern	BlueEra Softech
Web Development Intern	CodeClause
Zero To Prototype With NODE.JS	Parul University
Front End Web Development using Angular	Parul University
Meta Front-End Developer Professional Certificate	Coursera
Zero To Hero in MicroSoft Excel	Udemy

SOFT SKILLS AND LANGUAGES

Soft Skills

- Excellent communication and teamwork abilities

- Strong problem-solving skills

- Efficient time management

- Creative and Innovative Thinking

Languages

- English

- Hindi

- Nepali

- Maithili
